

Student

Germany

I was a resident of Germany on the date of my arrival in the United States. I am not a United States citizen. I have not been lawfully accorded the privilege of residing permanently in the United States as an immigrant.

I am temporarily present in the United States as a student or business apprentice for the purpose of full-time study or training at the Oregon University System.

I will receive compensation for dependent personal services performed in the United States. This compensation qualifies for exemption from withholding of federal income tax under the tax treaty between the United States and Germany in an amount not in excess of \$5,000 for any tax year, provided that such services are performed for the purpose of supplementing funds otherwise available for my maintenance, education, or training. I have not claimed an income tax exemption for income received as a teacher, researcher, or student before the date specified in the next paragraph.

I arrived in the United States on _____ [*insert the initial date of arrival in the United States before beginning study at any United States educational institution*]. The treaty exemption is available only for compensation paid during a period of four tax-years beginning with the tax year that includes my arrival date.

NOTE: I understand that if my visit to the United States exceeds four years, the exemption is lost for the entire visit unless the competent authorities of Germany and the United States agree otherwise.
